Mulch buckets donated (and repurposed) by:

www.westbasin.org

WORKSHOP D:
9:30am
10:15am

Irrigation Basics:
 Learn about the basics of irrigation, how to convert sprinklers to drip irrigation and other ways to make your irrigation system more efficient.

TOURS:
9:15 am
10:00 am
10:45 am

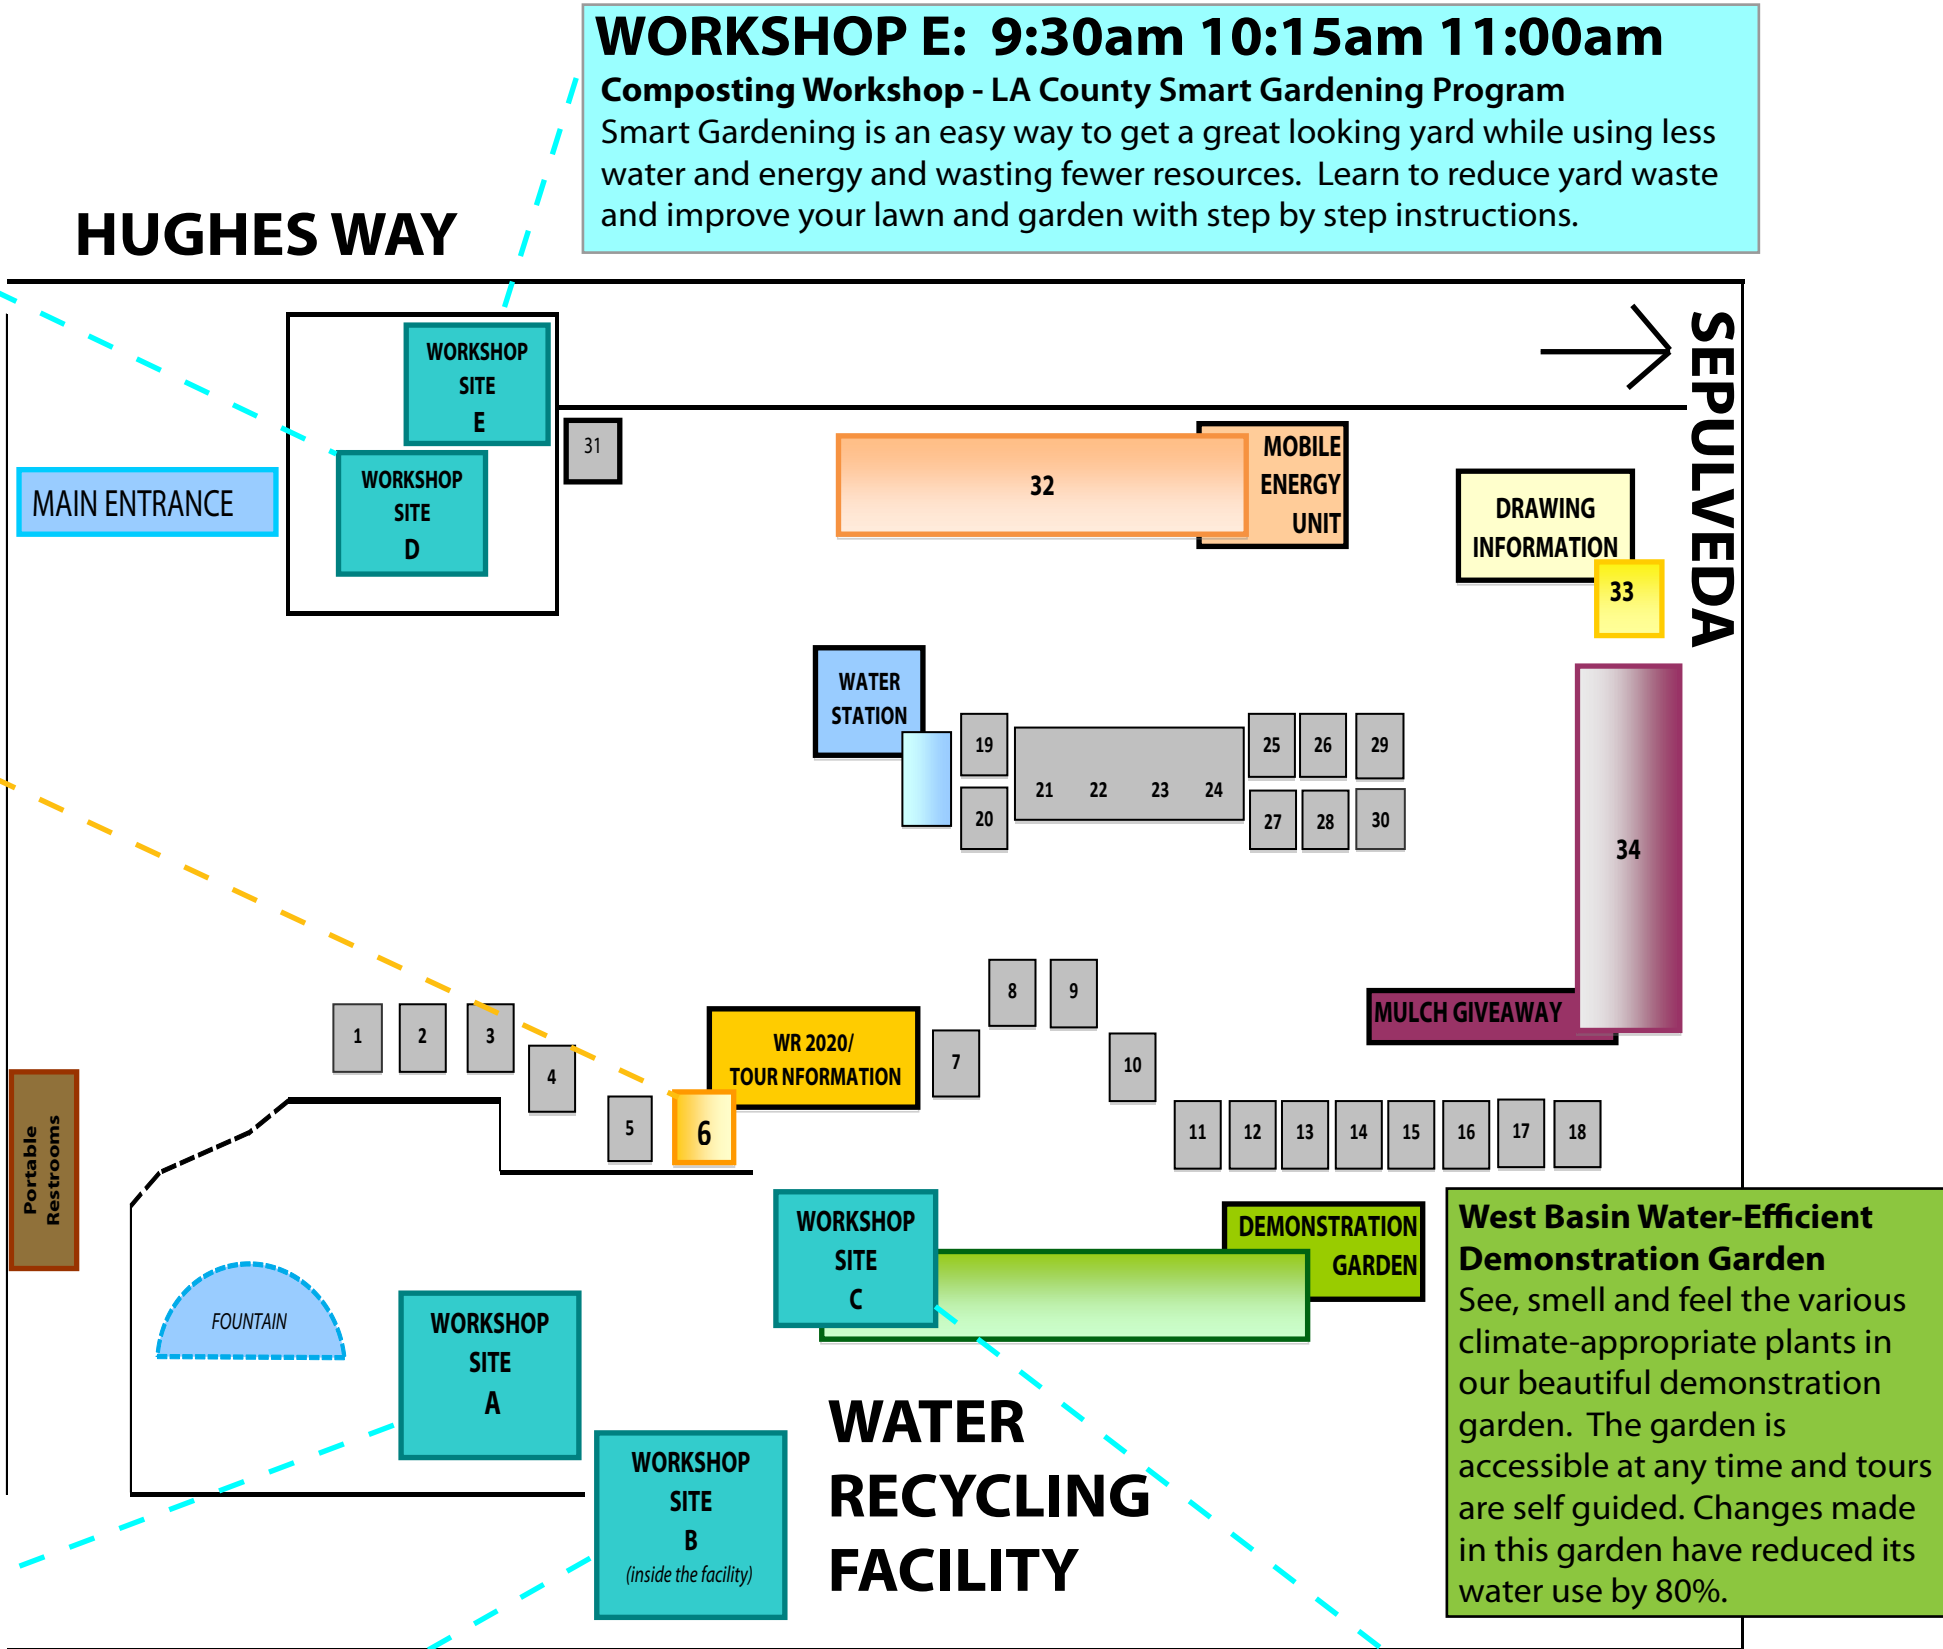

Edward C. Little Water Recycling Facility Tours
 Don't miss a chance to take a tour of our world class, state-of-the-art water recycling facility and see the process from start to finish. Please see tour requirements at the West Basin Water Reliability 2020 Booth (Booth #6).

WORKSHOP A:
10:15am
11:00am

Mulch & Soil Testing:
 See first hand how to determine soil type and how to read your garden's health.

WORKSHOP E: 9:30am 10:15am 11:00am

Composting Workshop - LA County Smart Gardening Program
 Smart Gardening is an easy way to get a great looking yard while using less water and energy and wasting fewer resources. Learn to reduce yard waste and improve your lawn and garden with step by step instructions.

WORKSHOP B: 9:30am 10:15am 11:00am
Energy Upgrade California/Water Reliability 2020
 Homeowners interested in high-efficiency remodeling can qualify for up to \$4,500 worth of incentives by participating in the Energy Upgrade California program, while West Basin's Water Reliability 2020 initiative will help ensure a safe and reliable water supply for the South Bay. **Support Water Reliability 2020 at www.westbasin.org.**

WORKSHOP C: 9:30am 11:00am
Pruning: Learn the best and most efficient ways to prune your native garden and keep it looking healthy.
