INFORMATION CALENDAR

WATER HARVEST III

SUMMARY:

Public Affairs staff is currently preparing for the third annual Water Harvest to be held at the West Basin Water Recycling Facility on Saturday, October 27, 2001 from 10:00 A.M. until 2:00 P.M. As in past years, Water Harvest III will be a fun, educational event for families throughout the District(s) service areas to learn more about water and the environment. Staff is encouraging cities, water agencies, community service groups, and environmental organizations to participate by hosting a booth, provided free of charge by the District, and passing out goodies and information to all event participants. Giant pumpkins currently growing on site will be harvested and featured throughout the day along with pumpkin related contests.

Staff will meet with Director Carol Kwan to develop specific details for this year's event, including the size and scope of the event.

FISCAL IMPACTS:

Funding for Water Harvest III at \$31,000 is contained within the FY 2001-02 Budget.
