INFORMATION CALENDAR

AEROSPACE CORPORATION SERVICE LATERALSUMMARY:

Staff has worked closely with the Aerospace Corporation to serve their facility in El Segundo with recycled water. The Aerospace Corporation is located adjacent to El Segundo Boulevard and West Basin's existing 42-inch diameter recycled water transmission pipeline. A new service is proposed to be constructed that will include approximately 40 feet of 6-inch diameter pipe extending from West Basin's mainline to the Aerospace Corporation and deliver approximately 20 acre-feet per year of recycled water for irrigation and future cooling tower uses.

The new service line is currently being designed by Psomas-DBE under the Recycled Water System Expansion Program and will go out for open bidding in late March. It is anticipated that bid results will be presented to the Board next month for contract award.

FISCAL IMPACTS:

Funding for this project is included in the Capital Improvement Budget for Fiscal Year 2007-08.

ENVIRONMENTAL COMPLIANCE:

Not applicable.

COMMITTEE STATUS:

The item was reviewed at the Water Resources Committee on March 13, 2008 and agendized to the March 24, 2008 Board meeting as information for discussion.

RECOMMENDED MOTION:

This item is for information only.

EXHIBITS:

None.
