

School Eligibility for West Basin's Education Programs

The following public and private schools that serve 3rd-12th grade students located in the West Basin Municipal Water District service area are eligible to receive free water education programs.

Due to a strong recycled water partnership with the City of Torrance, all Torrance Unified School District schools are eligible for free water recycling field trips.

Contact West Basin education coordinator at janela@westbasin.org if your school is not listed to verify eligibility.
